ALL IN ONE

Space was tight in this maisonette renovation in north London, so architect Larissa Johnston (020 3417 8689; larissajohnston.com) created a plywood box that incorporates a staircase, storage, desk and a fitted kitchen, plus a utility room and cloakroom tucked beneath the stairs. It's a hard-working feature that's the perfect solution for a compact home. The building work was carried out by TZ Building (020 8378 5502; tzbuilding.co.uk)
